

GUARDIAN CELLARS

2025 Angel

Release Date: March 2026

Tasting Notes

Our 2025 Angel hails from Corfu Vineyard in the famous Columbia Valley. This vintage is elegant, and fresh featuring immediate notes of green apple, that falls into the crisp floral, citrus of kumquat, with a hint of honeycomb, both the sweetness of the honey and the texture of the comb itself.

Fermented on a mix of stainless steel and neutral French oak creates a lovely balance of acidity with richness and a long finish. Perfect for a sunny afternoon on the deck eating a buttery lemon white fish dish, with a herby green salad.

Blend

100% Sauvignon Blanc

AVA

Columbia Valley

Vineyards

Corfu

Winemaking Notes

Our Angel is hand harvested from Corfu Vineyard on Royal Slope in Columbia Valley. The grapes go direct to press and straight to stainless steel. For the 2025 vintage, we barreled down to 50% neutral French oak and 50% stainless steel to add weight and texture. We do a cool fermentation either at 59 degrees or below. We'll connect the stainless-steel tanks to the cooler to create a blanket of ice around the tank. Post-fermentation the Angel is combined in stainless steel.

Barrel Coopers

Quintessence Hydro, Seguin Moreau

Barrel Aging

50% neutral French oak, 50% stainless steel

Alcohol / Production

13.8% / 600 cases
